QUOTATION

To,

Sub: Quotation for purchase of equipment.

(Due Date:- 12.02.2018)

Sealed Quotations are from eligible and interested manufacturers/ dealers/distributors/ for the following items on the terms and conditions mentioned below.

TERMS AND CONDITIONS

- The bid/quotation should be submitted in two bid format.
- The first envelope will contain Technical specifications of the product, technical literature/ leaflet and other documents mentioned below:-
 1. Covering Letter for tender on the company letter head mentioning official address, Contact No, e Mail address and website (if available) address
 2. GST registration certificate/ Number
 3. GST Clearance Certificate/ GST Challan for last quarter of the financial year.
 4. Authorization/ Distributorship certificate from manufacturer. Proof of permission to manufacture the equipment/ item mentioned in the quotation from competent authorities (to be submitted if the bidder is not a manufacturer).
 5. Technical literature / leaflet of the make and model no of equipment quoted.Additional document may also be asked by undersigned for confirming the details.
- The second envelope will contain the financial bid in which the all-inclusive rates F.O.R. Institute G.P.Dhule will be written and signed with the stamp of the establishment in the following format.

Sr. No.	Name of the item with specification	Quantity required	All inclusive cost per unit	All inclusive cost for quantity mentioned.

Rubber Stamp of organization.

- The two envelopes should be sealed with a mention of the type of envelope (technical/ Financial), Reference no., Date of opening the quotation on the front side of the envelope. These two envelopes should be sealed in a third envelope by giving heading "Quotation for supply of CIVIL EQUIPMENTS" and writing complete address of the undersigned.
- The quotations should reach the undersigned on or before date **12.02.2018**
- The material will be checked at this institute.
- Prices should be quoted F.O.R Institute (Govt.Polytechnic Dhule) and no extra charges will be paid for cartage, packing etc. for the material rejected and replaced
- Quotations will be opened at **11:00 AM** on date **13.02.2018**
- Rates should be valid for 6 months from the date of confirmation letter.
- Materials should be quoted for standard makes and minimum pkgs.
- Delivery to the consignee has to be effected within 02 weeks from the date of issue of purchase order. Also the undersigned reserves the rights to reject the same if the delivery of the stores is delayed beyond the stipulated period.
- Immediately after delivery of goods, the supplier must send his team of expert for Demonstration/ Installation/ Commissioning/Erection/Testing and Checking which shall be carried out free of cost at Govt.Polytechnic, Dhule and also the material required for testing should be carried for demonstration.
- Prior information for delivery of goods as well as for Demonstration/ Installation/ Commissioning/Erection/Testing and checking should be communicated .
- No advance payment is permissible.
- Every case will be taken to clear up the bills in a lease possible period, if acceptable material to the agreed specifications mentioned in the purchase order must be supplied immediately without any delay.
- Dispatched documents must be sent directly to this office and not through any bankers.

21	Adjustable Channel For visual observation of flow pattern both sides of channel should have transparent perspex sheet. The inlet section with 2 nos. of baffles for stream line flow. The upstream and downstream sections with adjustable gates with rack and pinion arrangement for movement of pointer gauge trolley with pointer gauge and wheels for easy running on the railing. The Channel should have arrangement to give slope of 2% in upstream and downstream sides. The following models should be supplied with the channel i) Venturi flume ii) Spillway iii) Broad Crested weir iv) Rectangular Notch v) V-notch of 90 degree.	01	40000/-
22	Apparatus for conducting orifice and mouthpiece experiments. M. S. tank of 450mm x 1200 mm high with provision for fixing the various orifices and mouth pieces (inter changeable). The tank should have overflow pipe and gauge with scale, for measuring the X- Y pipe and gauge with scale, for measuring the X- Y coordinates of jet coming out of orifice /mouth piece, sliding attachment with horizontal and vertical scale accurate to 1mm with vernier reading to 1/10mm complete with fixing arrangement to the tank complete with fixing arrangement to the tank A Set of Orifices- i) 10 mm dia ii) 15mm dia. iii) 20 mm dia. iv) 25 mm dia side traingular. A set of mouth pieces. i) 10 mm dia x 25 mm length ii) 10 mm dia x 40 mm length	01	40000/-
23	Water Current Meter : Cup type current meter with front hoop to protect the current meter from floating debris. The current meter should have an arrangement of suspension cable with lead weight for measurement in shallow and deep water.	01	20000/-
